Introduction

What is Group Retail Portal?

- Group Retail Portal is a **web-based application** and the new **integration platform** for wholesale and retail applications in all markets. It increases efficiency through all sales and after sales business processes and will replace DealerPortal.
- Group Retail Portal provides a **modern** and **user-friendly** portal frontend. Users in dealerships will get secure access to all **integrated applications**. Being an integration platform, Group Retail Portal allows the integration of **external applications** and offers easy integration of **local web-applications** through standard APIs.
- A key feature is the **Single-Sign-On/Off** module, that includes a **user self-administration**. The new **Roles and Rights administration** concept based on business roles is in line with Volkswagen Group IT-Security guidelines.
- Group Retail Portal supports an optional **Dealer Information Database (DID)** component with **automated KVPS interface (contract number)** to propagate updates.
